

New Juki Sure Stitch Compatibility

Posted On Mar 02, Posted by [sally](#) Category [New Quilting Discoveries](#)

Guess What Everyone!

The Speed Control and Sure Stitch are now compatible with the new Juki 2000Qi and Juki 2010Q sewing machines!

The difference between the Speed Control and Sure Stitch is, The Speed Control takes the place of the foot pedal on your machine, like an on/off button. It sells for \$69.95 plus shipping.
